BENEFITS ENROLLMENT  
TAX INFORMATION**

**FLEXIBLE SPENDING AND HEALTH SAVINGS ACCOUNTS**

CITGO personnel have the opportunity to participate in either the Flexible Spending Account (FSA) or the Health Savings Account (HSA) depending on the insurance plan selected.

The FSA has a 2022 projected annual limit of \$2,750 for eligible expenditures. The average CITGO employee in the 22% marginal tax bracket (or 17% effective tax) would save approximately 24.7 cents for every dollar contributed including Social Security and Medicare taxes.

For the HSA, the 2022 annual eligible expenditure limits are \$3,650 (self) and \$7,300 (family). If over the age of 55, a total additional “catch-up” contribution of \$1,000 is permitted, raising the limits to \$4,650 (self) and \$8,300 (family). Any amounts not withdrawn may be rolled forward from year-to-year and may even be invested. Under current rules, withdrawals made for eligible medical expenses are tax and penalty free at any time; however, after the age of 65, any amounts remaining in the account may be withdrawn without tax or penalty for eligible medical expenses AND without penalty for any other expenses.

Withdrawals made after the age of 65 for any other expense are subject to the ordinary income tax rate at that time. The average CITGO employee in the 22% marginal tax bracket (or 17% effective tax) would save approximately 24.7 cents for every dollar contributed including Social Security and Medicare taxes.

**DEPENDENT CARE**

CITGO personnel with Dependent Children (those persons under 13 years of age when the care was provided) or Other Qualifying Individuals (those persons, regardless of age, who are not physically or mentally capable of caring for themselves and who lived with you for more than half of the year) are eligible for either the:

- 1) Dependent Day Care Spending Account or
- 2) Dependent Day Care Tax Credit

The Dependent Day Care Spending Account has an annual limit of \$5,000. The average CITGO employee in the 22% marginal tax bracket (or 17% effective tax) would save approximately 24.7 cents for every dollar contributed including Social Security and Medicare taxes.

The Dependent Day Care Tax Credit has a maximum allowable rate limit of 35% of qualifying costs up to \$3,000 for one dependent or \$6,000 for more than one dependent. This allowable rate limit is decreased to 20% for those families with an Adjusted Gross Income (“AGI”) higher than \$43,000.

As such, the Dependent Day Care Spending Account will likely yield a more favorable tax savings for the average CITGO employee. Use the tax worksheets on the following pages to determine which may be best for you.

**ESTIMATED TAX CHARTS**

The following tax tables can be used as a basis for estimating your own tax savings through the Health Care and Dependent Day Care Spending Accounts. To compute your taxes due, look at the taxable income under the heading which describes your tax filing class. For example, if you are a single individual and your

annual “taxable income” is \$35,000 you would use the table “Single Taxpayers” pay 10% on the first \$10,275 of your income and 12% on the remaining \$24,725. You can project your “taxable income” by taking into account your wages, income from other sources and deductions. Using your W-4 (withholding form) may be helpful.

### 2022 Projected Federal Income Tax Due

#### SINGLE TAXPAYERS

If taxable income is:		The tax is:	of the amount over -
Over -	but not over -		
\$ 0	\$ 10,275	\$ 0 + 10%	\$ 0
10,275	41,775	1,028 + 12%	10,275
41,775	89,075	4,808 + 22%	41,775
89,075	170,050	15,214 + 24%	89,075
170,050	215,950	34,648 + 32%	170,050
215,950	539,900	49,336 + 35%	215,950
539,900	-----	162,718 + 37%	539,900

#### MARRIED FILING JOINT RETURNS

If taxable income is:		The tax is:	of the amount over -
Over -	but not over -		
\$ 0	\$ 20,550	\$ 0 + 10%	\$ 0
20,550	83,550	2,055 + 12%	20,550
83,550	178,150	9,615 + 22%	83,550
178,150	340,100	30,427 + 24%	178,150
340,100	431,900	69,295 + 32%	340,100
431,900	647,850	98,671 + 35%	431,900
647,850	-----	174,254 + 37%	647,850

#### HEAD OF HOUSEHOLD

If taxable income is:		The tax is:	of the amount over -
Over -	but not over -		
\$ 0	\$ 14,650	\$ 0 + 10%	\$ 0
14,650	55,900	1,465 + 12%	14,650
55,900	89,050	6,415 + 22%	55,900
89,050	170,050	13,708 + 24%	89,050
170,050	215,950	33,148 + 32%	170,050
215,950	539,900	47,836 + 35%	215,950
539,900	-----	215,950 + 37%	539,900

Your participation in tax minimizing programs may lower your tax bracket. If so, your tax savings may be less than the examples indicate. This is most likely to happen when your taxable income is at the lower end of the income ranges outlined above.

**2022 SOCIAL SECURITY AND MEDICARE TAX RATE**

Your wages, up to a maximum of \$147,000, are subject to a combined 7.65% tax (6.2% Social Security tax and 1.45% Medicare tax). In addition, wages above that threshold remain subject to the 1.45% Medicare. The Medicare rate increases by 0.9% to 2.35% for all wages exceeding \$200,000 (individual) or \$250,000 (married filing jointly).
